

2010

DON'T  
WAIT TO  
NOMINATE!

# Events Calendar

RBJ events are a great way to network with the area's top professionals, engage in professional development, and help honor Rochester's award winners! Whether you have a colleague or know a leader in health care innovation, a rising young star, or a non-profit silent hero, the [Rochester Business Journal](#) hosts a variety of events throughout the year that are pertinent to your business or organization. The purpose of these events is to recognize local businesses, non-profits and professionals who are leading the way in innovation, talent and service to the Rochester area.

RBJ nominations are great ways to highlight your clients and colleagues, and their personal accomplishments. Simply being nominated can be motivating and energizing. Events offer a unique combination of social interaction and professional presence that can serve as a stage for new relationships and rekindling of old partnerships. Award nomination forms can be found year round at [go.rbj.net/events](http://go.rbj.net/events).
